**Review of Existing Evaluation Data (REED)**

**Introduction** §300.305 Individualized Educational Program (IEP) team must undertake a review of existing evaluation data (REED) to determine if the student is a student with a disability:

- At Initial evaluation
- At a reevaluation
- Upon termination of eligibility

**Introduction** §300.305
Individualized Educational Program (IEP) team must undertake a review of existing evaluation data (REED) to determine if the student is a student with a disability:

- At Initial evaluation
- At a reevaluation
- Upon termination of eligibility

Evaluation as defined in the IDEA, and for the purposes of this document, means procedures described in the regulations, to determine whether a child has a disability and the nature and extent of the special education and related services that the child needs. §300.15

| 1. A reevaluation is required every three years unless the parent and the LEA agree that a reevaluation is not necessary. | If the REED determines that eligibility is not a question and a comprehensive evaluation is not required, but specific information is needed to be collected for present levels or program/service requirements, the summary of the data used to make that determination should be documented in a written report to the IEP Team. | For all Reevaluation determinations, LCISD also requires a new MET be held every three years, including the following reports:  
  - Teacher Report for MET – Gen/Sp Ed  
  - Parent Input for MET  
  - Evaluation Reports (if additional testing needed).  
  Teacher and Parent Reports also located on Main Page of EasyIEP. |

Return to [EdPlan](#) to Finalize:
- Enter date of district receipt
- Complete Method of Notice Delivery (How is parent obtaining copy of finalized signed REED?)
- Finalize REED in EdPlan. If testing was recommended, this will trigger 30 school day timeline. If no testing, no timeline trigger for REED. IEP due by next annual/redetermination due date.

### Termination of Eligibility §300.305(e)

1. An LEA must evaluate a student with a disability, according to the REED, before determining that the student is no longer a student with a disability or in need of special education programs or services.

2. An evaluation is not required before the determination of ineligibility due to graduation from secondary school with a regular diploma or exceeding the age of eligibility.

The IEP team must conduct a REED to determine what, if any, additional information is needed to determine that the student is no longer a student with a disability or no longer in need of special education programs or services. It is not required that an LEA/PSA conducts additional assessments in order to terminate a student’s eligibility. If the REED indicates a need for additional assessment, the identified assessments must be completed prior to the IEP meeting where the determination of eligibility will be made. (§304 through §311)

1. If the REED determines that a comprehensive evaluation is indicated, the MET members must follow the Michigan rule requirements for each suspected eligibility area, document their conclusions and determine a recommendation of eligibility in a MET report.

2. Complete Summary of Performance for all students exiting special education due to graduation or eligibility age exceeded. SOP can be found in the Document section of the individual student in EasyIEP.
