ATTENDANCE

The Michigan law governing compulsory attendance requires a parent, legal guardian, or other person having control or charge of a child ages 6 to 16 to send the child to school during the entire school year [MCL 380.1561]. The law was recently amended to increase the compulsory school attendance age from 16 to 18 for a child who turned 11 after December 1, 2009, or who entered grade 6 after 2009. However, the compulsory school attendance age would remain at 16 for children whose parents provided school officials with a written notice that their children had their permission to stop attending school. (See Attachment A on www.michigan.gov/nonpublicschool.) A child is not required to attend a public school in the following cases:

(3) (a) *The child is attending regularly and is being taught in a state approved nonpublic school, which teaches subjects comparable to those taught in the public schools to children of corresponding age and grade, as determined by the course of study for the public schools of the district within which the nonpublic school is located.*

(3) (f) *The child is being educated at the child's home by his or her parent or legal guardian in an organized educational program in the subject areas of reading, spelling, mathematics, science, history, civics, literature, writing, and English grammar.*

(4) *For a child being educated at the child's home by his or her parent or legal guardian, exemption from the requirement to attend public school may exist under either subsection (3)(a) or (3)(f), or both.*

NONPUBLIC SCHOOL DEFINITION

A nonpublic school is defined under section 388.552 of the *Private, Denominational and Parochial Schools Act*, 1921 PA 302 [MCL 388.552]. (See Attachment B on www.michigan.gov/nonpublicschool.)

A home school family operating under 380.1561(3)(a) as described above is considered a nonpublic school if in compliance with the *Private, Denominational and Parochial Schools Act*, 1921 PA 302. If a home school family chooses to operate under exemption (a), it may report to the Michigan Department of Education (MDE).

REPORTING

Nonpublic School Membership Report

The Nonpublic School Membership Report is an annual report used by MDE. Information requested on the form includes the number of students in each grade, teacher qualifications, and the course of study offered. Use of the form is authorized by section 5 of the *Nonpublic School Act*, and was approved by the Michigan Supreme Court in Sheridan Road Baptist Church v Department of Education, 426 Mich 462, 472, n 5; 396 NW2d 373 (1986) and Clonlara, Inc v State Board of Education, 442 Mich 230, 242, 501 NW2d 88 (1993).

The Nonpublic School Membership Report is available on www.michigan.gov/nonpublicschool in August with an October 1, 2012, due date. Nonpublic schools that are already registered must complete this form online through the Michigan Electronic Grants System Plus (MEGS+).

MDE posts the list of nonpublic schools that have completed the reporting process on www.michigan.gov/nonpublicschool. The link is located in the Resources and Related Information Section. This list is used by intermediate and local public school districts to determine the nonpublic schools to be invited to participate in federal programs.

For home school families choosing to operate under exemption (f), see information under Attachment B-1 on www.michigan.gov/nonpublicschool.

FUNDING

The Michigan Constitution under Article VIII, Section 2, prohibits public monies from being paid directly or indirectly to aid or maintain any private, denominational, or nonpublic school.

Federally funded programs may be available to nonpublic school students. Information may be obtained from the U.S. Department of Education, Office of Non-Public Education, 400 Maryland Avenue SW, Room 4W339, Washington, D.C. 20202-5940; phone (202) 401-1365; fax (202) 401-1368. In addition, information may be accessed through the Internet at <http://www.ed.gov/about/offices/list/oii/nonpublic/index.html>. Additional information for some federal programs is available through the Office of Field Services at MDE.

STATE REQUIREMENTS

School Building, Construction and Fire Safety

Prior to the construction, reconstruction, remodeling, or alteration of a school building, construction plans, prepared by a design professional licensed per 1980 Public Act 299, along with a Plan Review Application are required to be submitted to the following agencies for review:

Construction Code Requirements

Dept. of Licensing and Regulatory Affairs
Bureau of Construction Codes
Todd Cordill, Chief
Plan Review Division
P.O. Box 30254
Lansing, MI 48909
(517) 241-9328

1999 School Fire Safety Rules

Dept. of Licensing and Regulatory Affairs
Bureau of Fire Services
Adam Krouse
Plan Review Division
P.O. Box 30700
Lansing, MI 48909
(517) 241-1044

Health and Safety Inspections

Contact your local county health department.

Background

On December 23, 2002, 2002 PA 628 was signed into law. This law amends the *School Building Act*, PA 306 of 1937 by requiring the inspection of all school building construction, as well as the review of any required construction documents under the *Stille-DeRossett-Hale Single State Construction Code Act* and the *Fire Prevention Code*, 1941 PA 207.

With the enactment of this revision, school construction projects involving the construction, addition, or alteration of any school building must be submitted to the Department of Licensing and Regulatory Affairs for required plan reviews, permits, and on-site inspections.

The Bureau of Construction Codes and Bureau of Fire Services located within the Department of Licensing and Regulatory Affairs has developed a single application and invoice system for the submission of required construction documents. A coordinated system for the inspection and granting of approvals, including the issuance of Certificates of Occupancy for completed construction, has also been developed. Ultimately, all school construction projects must meet both the construction standards under the *Stille-DeRossett-Hale Single State Construction Code Act*, which includes securing permits, inspections, and final approvals; and the 1999 School Fire Safety Rules under the *Fire Prevention Code*, which includes securing inspections and final approvals through the department's Bureau of Fire Services.

The Bureau of Construction Codes also provides for inspection by local code enforcement agencies where both the local school boards and the local unit of government certify that the local enforcing agency has full-time plan review and inspection staff and are otherwise qualified to perform these duties in the review and inspection of school buildings.

Approval of Local Code Enforcement for Construction Code Requirements

If nonpublic schools elect to have school construction projects inspected by local building departments, both the nonpublic school and the unit of government(s) must complete, sign, and submit a Request for Delegation form to the Department of Licensing and Regulatory Affairs. In order for that delegation to be approved by the state, both the nonpublic school and the governing body of the governmental subdivision must certify to the Department of Licensing and Regulatory Affairs that full-time code officials, inspectors, and plan reviewers registered under 1986 PA 54 will conduct plan reviews and inspections of buildings. This certification must be submitted and approved annually. Only those governmental jurisdictions documenting full time inspectors and plan reviewers to enforce the complete range of construction codes, including the building, electrical, mechanical, and plumbing codes, may qualify for delegation of school construction authority.

Absent approval of a completed Request for Delegation form from the nonpublic school and local building department, the State of Michigan, Bureau of Construction Codes has responsibility for construction code enforcement of school buildings within that unit of government. The Request for Delegation form may be obtained on the Bureau of Construction Codes website at www.michigan.gov/bcc. The Bureau of Fire Services, with regard to the 1999 School Fire Safety Rules, does not permit local code enforcement.

Licensing Laws and School Construction Projects

Licensed contractors and licensed tradespersons must perform work on school construction projects in accordance with state licensing laws including: *Electrical Administrative Act*, 1956 PA 217; *Forbes Mechanical Contractors Act*, 1984 PA 192; *State Plumbing Act*, 2002 PA 733; *Boiler Act*, 1965 PA 290; and the *Elevator Safety Act*, 1967 PA 227.

Plan Review Fees and Permit Fees

A plan review fee will be required with the submission of construction documents. Additionally, licensed contractors must obtain construction permits for school construction projects in accordance with the fee schedule established by the governmental authority having jurisdiction.

Local county health departments should be contacted for health and safety inspections.

Additional information may be obtained by visiting the Bureau of Construction Codes web site at www.michigan.gov/bcc and the Bureau of Fire Services website at www.michigan.gov/bfs.

Course of Study

Nonpublic schools shall provide curricula comparable to those provided in local school districts. Instruction includes mathematics, reading, English, science, social studies in all grades, and the Constitution of the United States, the Constitution of Michigan, and the history and present form of civil government of the United States, the State of Michigan, and the political subdivisions and municipalities of the State of Michigan in high school. The state does not require specific content in the basic courses. Nonpublic schools, however, may wish to use the K-8 Grade Level Content Expectations (GLCE), the High School Content Expectations (HSCE) and Guidelines that have been developed for public schools in Michigan. Schools may also wish to use the Common Core State standards in mathematics and language arts for grades K-12. These standards replace the GLCEs and HSCEs for ELA and mathematics. All are available at the MDE webpage at www.michigan.gov/glce or www.michigan.gov/hsce, or http://www.michigan.gov/mde/0,1607,7-140-6530_30334_51042-232021--,00.html. Contact the Curriculum and Instruction Unit at (517) 241-4285.

Teacher Certification Requirement

An individual may qualify to teach in Michigan nonpublic schools in one of three ways:

1. By obtaining a Michigan Teaching Certificate [MCL 388.553].
2. By obtaining a Substitute, Expert in Residence, Full-Year, 1233b or Emergency teaching permit.
3. By obtaining a bachelor's degree.

However, if a nonpublic school claims an objection to teacher certification based upon a sincerely held religious belief, the minimum education requirements for teachers are waived (Syllabus of People v DeJonge 442 Mich 266 under Attachment C). Information regarding Michigan teacher certificates and permits is under Attachment D.

Teacher Criminal History and Unprofessional Applicant Checks

Effective January 1, 2006, Michigan law requires that criminal history checks be conducted by the Michigan State Police (MSP) and the Federal Bureau of Investigation (FBI) for all regular and contract employees hired or assigned by public and nonpublic schools [MCL 380.1230 through MCL 380.1230h and MCL 380.1535a and MCL 380.1539b]. School personnel employed by the public or nonpublic school prior to January 1, 2006, were required to be fingerprinted and have a criminal history check not later than July 1, 2008. You may access additional information regarding the school safety legislation at www.michigan.gov/teachercert. Under "Current Updates" select "School Employee Criminal History Checks and Conviction Legislation Information." (See Attachment E on www.michigan.gov/nonpublicschool.)

Nonpublic School Personnel Report

All nonpublic schools are required to submit specific information about all school employees in compliance with the School Safety Legislation effective January 1, 2006. The personnel data are entered into a secure web-based program, the Nonpublic School Personnel Report. The submission dates for the current school year are from September 1, 2012, through the deadline of December 3, 2012. You may access additional information at www.michigan.gov/nonpublicschool or at <http://www.michigan.gov/cepi/0,1607,7-113--147383--,00.html>.

Unprofessional Conduct

Michigan law requires a former or current employer to disclose to a prospective school employer any unprofessional conduct by the applicant [MCL 380.1230b]. A public or nonpublic school is prohibited from hiring an applicant who refuses to sign a document requesting this information. (See Attachment F on www.michigan.gov/nonpublicschool.)

School Calendar

In 1993, the Michigan Supreme Court in Clonlara, Inc v State Board of Education (442 Mich 252) ruled that the *Nonpublic School Act* did not require a nonpublic school to be in session for 180 days required for public schools. MDE recommends, however, that a nonpublic school develop a school year calendar comparable to the public school district where the nonpublic school is located. **Public** schools are required to provide a minimum of 170 days and 1,098 hours of pupil instruction [MCL 388.1701(3)] for the 2012-13 school year. Also, beginning in 2010-2011, a district shall not provide fewer days of pupil instruction than the district provided for 2009-2010.

Kindergarten Enrollment

Current Michigan law states that children are required to be five by December 1 to enter school. The new law (MCL 380.1147) states that beginning in the 2013-2014 school year, children are required to be five by November 1. Subsequently, in the 2014-2015 school year, a child would have to be at least five years old as of October 1, and, beginning with the 2015-2016 school year, a child would have to be at least five years old as of September 1 in order to enroll in kindergarten. It also states that parents can retain the discretion to place their child in school earlier if desired.

Child Care, Day Care or Before/After School Program Regulations

Programs involving the operation of child care, day care or before/after school programs are licensed by Michigan's Bureau of Children and Adult Licensing. For further information, please contact Child Day Care Licensing, Department of Human Services, at (517) 335-6124, or toll free 1-866-685-0006.

EDUCATIONAL PROGRAMS AND SERVICES

Auxiliary Services

Auxiliary services are provided for all students. A nonpublic school may qualify for auxiliary services; federal Elementary and Secondary Education Act (ESEA) of 1965, Title I, Part A, and Title II, Part A; Regional Educational Media Center (REMC) services; and bus transportation services from public school districts. A nonpublic or home school must complete the Nonpublic School Membership Report on an annual basis to be eligible for auxiliary services.

Auxiliary services include health and nursing services and examinations, National Defense Education Act testing, speech and language services, social work services, school psychological services, teacher consultant services for children with disabilities, remedial reading, and other services determined by the Legislature.

Section 380.1296 of the *Revised School Code* provides that if particular services are provided to public school students in a school district, those services must also be made available to students attending nonpublic schools located within that district. A public school that provides auxiliary services to its resident students shall provide the same auxiliary services on an equal basis to students at nonpublic schools. In 1997, the U.S. Supreme Court ruled in *Agostini v Felton* (117 S Ct 1997) that intermediate and local school districts are required to make auxiliary services available on site for all nonpublic schools.

A public school is required to notify a nonpublic school within its district about the types of auxiliary services available to its students. The Michigan Administrative Code Rule 340.293 states:

"A school district providing any of these auxiliary services shall notify in writing, no later than April 1 of each school year, each of the nonpublic schools within its district as to the nature and extent of such services as contained in its proposed budget. Within 30 days after receipt of such notice, nonpublic schools shall in writing notify the district as to the services that will be needed for nonpublic school children. A school district shall confirm in writing no later than August 1 of each school year to each of the nonpublic schools within its district the nature and extent of such services as contained in its final budget as adopted by the school district board of education. . ."

Special Education

To receive special education or a related service, the nonpublic school student must be determined eligible for special education services by an Individualized Education Program (IEP) Team (i.e., the student must be found eligible in accordance with the Individuals with Disabilities Education Act (IDEA) and the Michigan Administrative Rules for Special Education and must be in the need of one or more special education services). To begin the process, the student should be referred for an evaluation through the Child Find process of the local school district in which that nonpublic school is located. Upon receipt of a written request for an initial evaluation, the public school district has 10 calendar days to provide notice and request parental consent to evaluate. Upon receipt of parental consent to evaluate, the public school district will conduct an evaluation, determine eligibility, and hold an IEP Team meeting to determine the related services that are needed. This evaluation, determination of eligibility, and IEP process must be completed within 30 school days, unless an extension of time is agreed to by the public school district and the parent.

For further information on auxiliary services for special education, contact the Office of Special Education, Department of Education, at 1-888-320-8384.

Curriculum Materials

Nonpublic schools and home school families may purchase the textbooks and the instructional materials they deem necessary. Textbooks and curriculum materials may be purchased from a teacher bookstore. Support services may be contracted but are not required by law.

Enrollment in Public School Classes

Nonpublic and home school students may enroll in nonessential elective classes at the resident public school (Snyder v Charlotte Public Schools, 421 Mich 517, 365 NW2d 151 (1984)) or public school academy. Students in home school families operating under exemption (f) may also enroll in nonessential elective classes at the resident public school or public school academy. (See Attachment G.) In July 1997, the U.S. Supreme Court ruled in Agostini v Felton that public schools may provide shared time courses to nonpublic school students on nonpublic school premises using public school employees.

Courses that are considered essential to a pupil's curriculum (pursuant to the *Snyder v Charlotte* court case), and thus are *not eligible*, include mathematics, reading, English, social studies, science, writing, the Constitution of the United States, the Constitution of the State of Michigan, and the history and present form of civil government of the United States, the State of Michigan, and the political subdivisions and municipalities of the State of Michigan. Courses that are NOT considered essential courses *are eligible*, including advanced placement level courses. Nonpublic pupils with an IEP may enroll in a public school to receive special education programs and be counted in membership.

Michigan Virtual School (MVS)/Michigan LearnPort

The Michigan Virtual School (MVS) operates as one of the core divisions of the Michigan Virtual University (MVU), a private nonprofit corporation. The MVS gives nonpublic schools and home school families the opportunity to have students take middle and high school courses online and access a robust online career development tool. Dozens of courses are available in a wide range of subjects and learning levels from general study to rigorous Advanced Placement. The MVS also offers a wide range of summer school opportunities including virtual camps in math and science. Find more information online at <http://www.mivhs.org> or email mvhs@mivu.org.

Michigan LearnPort operates as one of the core divisions of Michigan Virtual University (MVU), a nonprofit corporation. Michigan LearnPort offers high-quality online professional development courses, tools and resources to Michigan's K-12 community. Courses are relevant to all core content areas, many carry recertification credits, and most are free of charge. Some courses are available for a nominal cost. Michigan LearnPort users also have free access to the award-winning education search engine, netTrekker d.i. Several hundred videos of teachers demonstrating best practice strategies for instruction from PD 360 are also offered. Free collaboration spaces enable discussion within an entire school building, throughout a whole district, or across the state. Find more information online at www.learnport.org or email learnport@mivu.org.

GenNET Online Learning

GenNET Online Learning is a service offered by Genesee Intermediate School District for students throughout the State of Michigan to provide a wide range of [teacher-led courses](#) and [self-directed classroom tools](#) delivered over the Internet. This program provides enhanced learning opportunities for Michigan high school and middle school students. Barriers such as time, space, equality of opportunity, and lack of resources diminish when learning is moved online. Students, parents, educators -- explore the website to take advantage of this exciting and dynamic learning experience at <http://gennetonline.geneseeisd.org/default.htm>.

Nonpublic schools and home school families have an opportunity to have students take middle and high school courses online. Home school students cannot go directly to the GenNET portal and sign up for classes, they must enroll in their local school district first. There is a charge for all of the courses offered through GenNET. There is free digital content available to any school, public or nonpublic, but the school must provide their own teachers. The license prohibits home schools

from accessing this piece. If you have questions that are not answered on the GISD website, please send email to GenNETOnlineLearningSupport@geneseeisd.org.

Participation in Title I

Funding for services to nonpublic school students is based on the number of children who live in Title I school attendance areas and meet the eligibility requirement for free or reduced-price school meals. Nonpublic school students who live in Title I (20 USC §6320) school attendance areas, and are failing or at risk of failing to meet the student performance standards in the core academic curriculum, are eligible for Title I services provided by the public school district in which they live.

Each spring, public school districts contact nonpublic school administrators and initiate consultation regarding participation in the Title I program. The local districts will use the list posted on www.michigan.gov/nonpublicschool to determine which schools to contact. If the nonpublic school can provide low-income data and wishes its eligible students to participate, services are offered by the public school district. The 1997 U.S. Supreme Court ruling in *Agostini v Felton* (117 S Ct 1997) makes it possible to provide Title I services on the premises of religiously-affiliated nonpublic schools.

Questions regarding Title I should be directed to the public school district(s) where students reside. Further information may be obtained from the Office of Field Services at (517) 373-3743.

Participation in Title II, Part A

Nonpublic school staff may participate in professional development activities through the Title II, Part A (Teacher and Principal Training and Recruiting) program. The program is accessed through the local school district in which the nonpublic school is located.

Local public school district officials are responsible for consulting with nonpublic school officials to plan the Title II, Part A services that best meet the identified needs of nonpublic school staff and students.

Nonpublic Title II, Part A plans are included with those of the public school district in a single application. All materials and equipment acquired under the programs are purchased and owned by the public school district and loaned to the nonpublic school.

Questions regarding Title II, Part A should be directed to the public school district(s) where students reside. Further information may be obtained from the Office of Field Services at (517) 373-3743.

Regional Educational Media Centers (REMC)

A Regional Educational Media Center (REMC) provides a service that is available to nonpublic and home school students. The REMCs work cooperatively with one or more intermediate school districts for the improvement of instruction in Michigan's elementary and secondary schools. Many REMCs offer instructional materials including video, video disk, and computer software; cooperative purchasing of equipment, supplies and media; Internet access and support; production services; technological problem solving; training in the use of all types of equipment; training in the integration of media into instruction, media and technology consulting; and a distribution system. Additional services include inservice media; AV, video and computer equipment repair; desktop publishing, graphic design and layout; printing; video production, editing and duplication; professional library and online services; instructional television or building-based video collections; and satellite downlink services.

For additional information regarding REMCs, please contact your intermediate school district or visit their webpage at <http://www.remc.org/>.

Child Nutrition Programs

National School Lunch Program (NSLP)

Nonpublic schools may be eligible for National School Lunch/School Breakfast Program reimbursement for breakfast and lunch. For information on how to initiate or expand a program, please contact the School Nutrition Programs office, Department of Education, at (517) 373-3347 or email MDE-SchoolNutrition@michigan.gov.

Child and Adult Care Food Program (CACFP)

Nonpublic schools may be eligible for Child and Adult Care Food Program reimbursement for after school snacks and suppers. If your non-public school is non-profit, it must have tax-exempt status under the Internal Revenue Code of 1986. For additional information regarding CACFP, contact the Child and Adult Care Food Program office, Department of Education, at (517) 373-7391 or email cotnerb@michigan.gov.

Driver Education and Pupil Transportation

A nonpublic or home school student is eligible to enroll in a driver education program provided at the public school district where the student is a resident [MCL 257.811]. If a charge or enrollment fee is imposed, it shall be the same for all students who reside within the territory of the public school system [MCL 256.610]. The oversight of driver education programs in Michigan is the responsibility of the Department of State [2004 PA 70 and 71]. Information may be found on the Michigan Department of State, Driver Education website <http://www.michigan.gov/sos/>.

For information on school pupil transportation for nonpublic school students, please contact Ken Micklash in the Office of School Support Services at (517) 373-1806 or email micklashk@michigan.gov. Additional information may be found on MDE's website <http://michigan.gov/schoolbus>.

Athletics and Extracurricular Activities

The supervision and control of interscholastic athletics are the responsibility of each local board of education. Most local boards have adopted policies as proposed by the Michigan High School Athletic Association. Please contact the appropriate local school district or the Michigan High School Athletic Association at (517) 332-5046 or access information at <http://www.mhsaa.com/>.

In order to participate in public school extracurricular activities, a student should be enrolled part-time in the public school.

Homebound/Hospitalized Services

If a student is enrolled part-time as a public school student and part-time as a nonpublic school student, then the public schools may have some responsibility to provide homebound/hospitalized instruction. The responsibility rests with the parent and the nonpublic school to maintain continuity with the student's nonpublic school instruction while that student is confined to the home or hospital. Parents should contact the local school district if a student is hospitalized or confined to the home during regular school hours for more than five school days [MCL 388.1709].

Safe and Drug Free Schools and Communities Act – Title IV, Part A

Title IV, Part A funding has been eliminated at the Federal level and ended September 30, 2011. For additional information, please contact Patty Lawless at lawlessp@michigan.gov.

STUDENT RECORDS

There is no law that requires nonpublic schools or home schools to maintain student records. Parents are encouraged to maintain student records of progress throughout the year. These records will assist public or nonpublic school personnel with placement should the student enroll in a public school.

Transfer of Grades and Credits

The granting of credits and placement of students is solely determined by the receiving public or nonpublic school. Nonpublic schools and home school families are encouraged to determine what the public school policy is for grade placement and granting of credits should a student decide to return to the public system. If a student attends a nonpublic or home school and returns to a public school, the public school generally reevaluates the student for grade placement and the transfer of credit.

The issuance of report cards, transcripts, and diplomas are the responsibility of the nonpublic school and home school family (based on internal standards).

Nonpublic School Transcripts

MDE receives many calls from adults and prospective employers who are searching for copies of nonpublic school transcripts. They often face obstacles because the diploma-granting high school is no longer in operation and the student records are unobtainable. MDE does not maintain these records. Nonpublic schools should contact their central offices for specific procedures regarding storage of student records. An independent nonpublic school that does not have a central office may want to ask the intermediate school district in the region to maintain the student records.

Release of Student Records

The collection of tuition and the provision of student records are a matter of contract between the school and the parent. A nonpublic school may have the right under the contract to withhold student records. Involved parties may contact an attorney to determine responsibilities.

Immunizations

Since 1978, Michigan law requires that each student, upon entry into kindergarten or into a new school district involving grades 1-12, possess a certificate of immunization at the time of registration or no later than the first day of school. *Public Act 89 of 2000* mandates that an immunization assessment be completed for each 6th grade student. The above laws (which amend the *Revised School Code*, the *Public Health Code*, and the *State School Aid Act*) were implemented to ensure that children are adequately immunized against vaccine preventable disease prior to achieving adolescence. Immunization prior to adolescence is critical, as some of these diseases become an even greater threat to health upon reaching adolescence.

Prior to a child entering or attending school, parents or guardians are required to produce documentation confirming that the child has received all required immunizations or, as an alternative, has received at least one dose of each of the required immunizations and is awaiting receipt of subsequent doses to be administered at appropriate intervals. A school must report to the local health department on the status of immunizations for all new entrants and all 6th grade children by November 1 and February 1 of each school year. In most cases, the school will report immunizations to the local health department using the MCIR/SIRS (Michigan Care Improvement Registry/School Immunization Recordkeeping System) program.

There are also three circumstances in which a required vaccine may be waived or delayed:

1. A valid medical contraindication exists precluding the child from receiving the vaccine. A medical waiver is required to be completed and signed by the child's physician and shall state the contraindication(s), the vaccine(s) involved, and the time period during which the child is precluded from receiving the vaccine(s).
2. The parents or guardians hold religious or philosophical beliefs which preclude receipt of a vaccination(s). A waiver must be signed by the parent or guardian with all information completely supplied, including the vaccines being waived. An updated waiver must be presented each year the child's immunization status is reported.

3. The child has received at least one dose of each immunization agent and the next dose or doses are not yet due.

A child who fails to meet immunization requirements shall not be admitted to school.

Section 380.1177 of the *Michigan Public Health Code* requires the Michigan Department of Education (MDE) in cooperation with Michigan Department of Community Health (MDCH) to develop information for Michigan schools to address notification to families with children enrolled in grades 6, 9, and 12 about the risk and prevention of the diseases meningococcal meningitis and Human Papillomavirus (HPV). Local school notification includes information regarding symptoms of the diseases, how they are spread, where to obtain additional information about risk factors, risks associated with vaccination against these diseases, and where to obtain the vaccines. On-line access to these notification materials is available at www.michigan.gov/immunize and www.michigan.gov/mde.

The school requirements for the 2012-13 school year can be found at http://www.michigan.gov/mdch/0,1607,7-132-2942_4911_4914-150235--_00.html.

Questions regarding immunization requirements or requests for additional copies of informational materials should be directed to your local health department. For more information, contact the local health department, the School Health Unit in the Department of Education at (517) 373-1122, or the Department of Community Health at (517) 335-8159.

MISCELLANEOUS

Michigan Educational Assessment Program (MEAP)

The Michigan Educational Assessment Program (MEAP) statewide assessments are available for grades 3-9 in October. Reading and mathematics are assessed each year in grades 3–8. Writing is assessed in grades 4 and 7, science in grades 5 and 8, and social studies in grades 6 and 9.

- **Nonpublic school students**

All nonpublic schools can elect to administer the MEAP assessments to their students. Each year in the spring, a notification is sent to all nonpublic schools outlining the steps they must take if they choose to administer the MEAP in the following school year. Assessment materials will then be supplied to the school. Pre-identifying eligible students and material ordering deadlines are strictly enforced. Please contact the department early if your school is interested in administering the MEAP.

- **Home school students**

Home school students also have the opportunity to take the MEAP assessments. To do so, the home school student should contact the school district in which the student resides to make arrangements. The student's scores will be reported back separately to the school where they were assessed. The school is responsible for disseminating the individual results to the home school student. Home school student scores are not included in the aggregate results for the public school or district. Contact should be made in early September for October MEAP testing.

Michigan Merit Examination (MME)

Juniors and eligible seniors currently take the Michigan Merit Examination (MME) in March. The MME is comprised of three elements: ACT Plus Writing®, ACT WorkKeys®, and three Michigan-developed assessments (mathematics, science, and social studies). The MME is administered exclusively by the Michigan Department of Education.

In addition to public school students, all nonpublic school students and home school students may take the MME once. If the student does not receive valid scores in all subjects (mathematics, science, reading, writing, and social studies) as a junior, they may test again their senior year.

- **Nonpublic school students**

If a nonpublic school wishes to offer the MME to its own students, the school must apply to MDE to become an established test center in early September to participate in March testing. Contact the Department toll-free at (877) 560-8378 for information on how to establish your school as an MME test center. Establishment deadlines are strictly enforced. Failure to contact MDE in a timely manner could result in the school being denied an opportunity to offer the MME to its students.

- **Home school students**

Home school students also have the opportunity to take the MME. To do so, the home school student should contact the school district in which the student resides to make arrangements. The student's scores will be reported back separately to the school where they were assessed. The school is responsible for disseminating the individual results to the home school student. Home school student scores are not included in the aggregate results for the public school or district. Contact should be made in early January for MME testing. Registration deadlines are strictly enforced. Failure to contact the public school district in a timely manner could result in the student being denied an opportunity to take the MME in that school year.

Accreditation

Nonpublic schools may choose, but are not required, to participate in either of the following accreditation programs:

Michigan Nonpublic School Accreditation Association
510 S. Capitol Avenue
Lansing, Michigan 48933
(517) 372-9315

North Central Association
826 Municipal Way
Lansing, Michigan 48917
(866) 642-4622

Discipline Policies

In general, state law does not address disciplinary procedures in nonpublic schools. Michigan law prohibits the use of corporal punishment in a public school [MCL 380.1312]. In addition, Michigan law requires a public school to permanently expel a student who possesses a dangerous weapon, commits arson or criminal sexual conduct, or commits, physical assault against an employee or a volunteer at a public school [MCL 380.1311 and MCL 380.1311a].

Work Permits

The *Youth Employment Standards Act* at MCL 409.104 states:

"...a minor shall not be employed in an occupation regulated by this act until the person proposing to employ the minor procures from the minor and keeps on file at the place of employment a copy of the work permit or a temporary permit. The work permit shall be issued by the issuing officer of the school district, intermediate school district, public school academy, or nonpublic school at which the minor is enrolled, and a copy of the work permit shall be placed in the minor's permanent school file for as long as the minor is employed. A temporary permit shall be valid for 10 days from the date of issue. A work permit may be issued by the school district in which the minor's place of employment is located, or by the public school academy or nonpublic school nearest that place of employment."

Minors seeking employment who are home schooled shall be issued a work permit by the issuing officer of the school district, intermediate school district, public school academy, or nonpublic school in which the minor's residence or prospective employer is located. The minor must present a signed, written statement from the parent or guardian, as the instructor of record, indicating how many hours per week the student is being home schooled. The issuing officer will review the parent/guardian statement and issue the work permit with those hours reflected. The issuing

officer will attach the parent/guardian statement to the work permit and keep a copy of the statement with their copy of the work permit filed at the school.

For additional information, contact Tara Bride, Office of Career and Technical Education, Department of Education, at (517) 335-6041 or email bridet@michigan.gov.

T.B. Testing

Teachers are not required by the state to have regular tests for tuberculosis. However, school systems, public or nonpublic, may require regular T.B. testing of employees.

Playground Equipment

The *Playground Equipment Safety Act*, 1997 PA 16, establishes requirements for the manufacture and assembly of public playground equipment. Free tools to help evaluate play spaces include: *Public Playground Safety Handbook* (U.S. Consumer Product Safety Commission, Bethesda, Maryland 20814), *Parent Checklist: How Safe is Your Local Playground?* (CFA Playground Checklist, P.O. Box 12099, Washington, D.C. 20005-0999, include a self-addressed stamped envelope), and *National Action Plan for the Prevention of Playground Injuries* (National Program for Playground Safety, University of Northern Iowa, Cedar Falls, Iowa 50614-0618).
