

Public Notice - Determination of Critical Infrastructure Workers and Essential Employees Performing Necessary Government Activities

Executive Order No. 2020-21 requires the Lapeer County Intermediate School District (ISD) to determine which of its employees are considered “Critical Infrastructure Workers” and “Essential Employees.”

The following is a list of the ISD’s Critical Infrastructure Workers and Essential Employees:

1. Superintendent;
2. Information Technology/Systems workers supporting virtual learning, virtual meetings, and other essential functions (such as payroll and benefits), including technology for Special Education;
3. Employees managing payroll, benefits, bill payments, receipts, and related banking;
4. Employees, including Axiom employees, providing custodial services for ISD buildings where critical infrastructure workers and essential employees are working;
5. Employees providing maintenance, repair and/or security services to protect ISD buildings;
6. Employees whose responsibilities include protecting public health, including students’ mental health needs;
7. Employees and volunteers providing for the care of animals in the Animal Center;
8. Employees that travel to ISD buildings in order to retrieve materials not available online and which are necessary for the provision of virtual learning and other essential functions by said employees from their homes (on a very limited basis); and
9. Employees that travel to ISD buildings in order to retrieve or send protected personnel documentation or Special Education referrals via a secure fax.
